Mr. Fulton is a Prominent Newark  
Barrister, While Judge Wick-  
ham Has Already Served.

Centerburg, July 17.—The Democratic convention to nominate two candidates for Common Pleas judges in this the first sub-division of the Sixth Common Pleas Judicial district was called to order here at 1 o'clock this afternoon by Hon. D. M. Kefler of Newark, chairman of the judicial committee. About 100 delegates were present, every county being well represented.

Hon. L. B. Houck of Knox, was named as temporary chairman and made a fine address bearing upon the honor of the Common Pleas judiciary of Ohio, and the eminent fitness of the candidates whose names would go before the convention.

Roderick Jones of Newark was named as temporary secretary, and upon motion of Judge E. M. P. Brister of Newark, this organization was made permanent, and nominations were declared to be in order.

Judge Cone of Delaware placed the name of Judge E. M. Wickham of that county before the convention. In a short speech Knox county had no candidate and when Licking was called Hon. Edward Kibler presented the name of Hon. T. B. Fulton of Newark.

Judge F. O. Levering of Knox county on behalf of that delegation seconded both nominations, and the candidates presented were nominated by acclamation.

Chairman Houck then appointed a committee consisting of Judge Cone of Delaware, Hon. W. L. Bottenfield of Knox, and Hon. Edward Kibler of Licking to escort the candidates to the rostrum.

Both made brief speeches accepting the honor conferred upon them and the convention then adjourned.

## BOODLE CASES ARE DISPOSED OF

ACTION AT ST. LOUIS LEAVES  
ONLY ONE OF THESE CASES  
STILL OPEN.

It is that of Robert M. Snyder, Kansas City Promoter and Capitalist.

St. Louis, Mo., July 17.—The last of St. Louis' boodle cases, with one exception, was disposed of when Circuit Attorney Sager nolle prosequi three charges, two of bribery and one of perjury, against Charles A. Gutek, a former member of the house of delegates. This action leaves only one of the boodle cases open, that of Robert M. Snyder, the Kansas City promoter and capitalist, against whom revised charges have been filed.

## ENGLISH PREMIER SHOCKED OVER REPORTED TREATMENT OF THE ZULUS.

London, July 17.—Premier Campbell-Bannerman, replying to a question in the house of commons, said the government had already telegraphed inquiries regarding the reported refusal to grant quarter to wounded Zulus as announced in a despatch from Johannesburg. The premier said he had been greatly shocked by the report. He had no official information on the subject and would not be much surprised if the report turned out to be unfounded, but if there was any foundation for it the matter would receive the closest and most earnest attention of the government.

Albert O'Brien, tax collector of the port of Tabora, N. J., shot in his account killed himself while officers were approaching his house.

## WOMEN VICTIMS

German Police Investigating Long  
Series of Murders Committed  
at Dresden.

Berlin, July 17.—The German police are now investigating a long series of murders committed by a workman named Max Dittrich, under arrest at Dresden. So far positive proof has been collected that Dittrich committed no less than 54 murders. The police are fully convinced that upon further investigation an additional score of murders must also be written down to Dittrich's account. His victims were women or girls.

## TRIAL TRIP

Cruiser Milwaukee Completed at Un-  
ion Works San Francisco Cost  
Million and Half.

San Francisco, Cal., July 17.—The trial trip of the cruiser Milwaukee, which has been completed at the Union Works, was held in San Francisco bay. The weather was so foggy it was decided inadvisable to take the vessel through the Golden Gate. The cruiser will cost \$1,500,000, and the contract calls for a speed of 22 knots.

## ELKS ESCAPED

Train Wrecked While on the Way to  
Denver.

Trinidad, Colo., July 17.—A passenger train on the Colorado and Southern railroad, carrying hundreds of Texas Elk to the convention in Denver, was wrecked three miles north of Forbes Junction. The engineer, Martin J. Culom, was killed and the fireman, Charles T. Carroll, was badly hurt. That the whole train was not carried into the deep arroyo, resulting in serious loss of life, is probably due to the fact that it was running slowly on account of the recent heavy rains.

## HARTJE DIVORCE SUIT

Pittsburg, July 17.—Under the protests of Augusta Hartje's lawyers, many local bank clerks testified in court this morning for Mrs. Mary Scott Hartje in the divorce suit instituted by her husband. The witnesses all agreed that Mrs. Hartje had not written the "Dear Susie" letter and that she did not write the address on the letter to Thomas Madine, on the envelope of which is the handwriting of Miss Ida Scott, Mrs. Hartje's sister.

## FRIENDLY SUIT

To Get Decision of Higher Courts on  
Rebate Question.

Chicago, July 17.—Judge Peter S. Grosscup in the United States circuit court granted the Chicago and Alton railroad company, John N. Faithorn and Fred A. Wann, writs of supersedeas staying the execution of a fine aggregating \$60,000 assessed against the three defendants a short time ago by Judge Land in the United States district court on charges of granting illegal rebates to the Schwarzbach and Sulziger Packing Company. At the same time a bond of \$60,000 covering the fine pending an appeal to the United States circuit court of appeals was filed by the defendants. This is practically a friendly proceeding because both sides of the case are anxious to have a decision of the higher courts on the legal question.

Albert O'Brien tax collector of the port of Tabora, N. J., shot in his account killed himself while officers were approaching his house.

New York, July 17.—News of the marriage in Portsmouth, N. H., on Friday, of Mrs. Leslie Carter, a well-known actress, and Mr. William L. Payne, an actor, better known as "Lou" Payne, created a sensation in theatrical circles here.

Mr. David Belasco, Mrs. Carter's manager, after many conflicting statements, as to the marriage had

been made and after he had issued

one statement in which he said he

could not believe it was true, decided

to satisfy himself on the subject.

He called up the Hotel Touraine, in

Boston, where the party had arrived

late in the evening and talked to a

member of Mrs. Carter's party, which

had been making an automobile tour

of New England. The truth of the

report of the wedding was then es-  
tablished.

Mr. Belasco was greatly surprised,

for he had confidently said that if

Mrs. Carter were married or contemplated

being married he would be the

first to know it. A few minutes later

he talked to Mrs. Carter herself and

she admitted that she was the bride

of Mr. Payne.

## Good Wheat Crop.

Mr. J. F. Keller, the well-known farmer, living just north of the city, has threshed a most satisfactory wheat crop, consisting of a twenty-one-acre field, which gave a yield of 840 bushels weighed.

The wheat was of excellent quality. It was of the Pool red raff variety, and was grown on ground planted to potatoes last season. The land had been so highly fertilized for the potatoes that a considerable portion of the field lay badly and could not be gathered, or the yield would have been considerably larger. Mr. Keller says there is no doubt some of the heaviest standing portions of the field made 50 bushels per acre. Not a single grain of cockle, cheat, rye or smut was found in the wheat. When not to exceed five acres in the middle of the field was being cut the sheaves were counted in one swath around and were found to number 307 medium-sized sheaves. The wheat was cut with an eight-foot cut Deering binder, and was threshed by Evans Bros.

#### FULTON AND WICKHAM.

Hon. T. B. Fulton, one of the two Democratic nominees for the position of Common Pleas Judge, is in every sense a self-made man. He was born near Homer, this county, and after receiving his education entered the law offices of W. B. Morgan at Mt. Vernon, where he studied law and was admitted to the bar, in 1873, coming to Newark soon after that time, where he began the practice of this profession.

Later he associated with his brother, W. D. Fulton, in a partnership and for years Fulton and Fulton have been one of the best known legal firms in Licking county.

Mr. Fulton has practiced law continuously, except for a short time about two years ago, when he accepted the position of cashier of the Peoples National Bank, afterward resigning to resume his lucrative law practice.

Of late he has assisted in the prosecution of several important criminal cases, notably the Bevard case, and in this branch of the law proved himself to be a painstaking attorney and an advocate of exceptional ability.

Mr. Fulton's knowledge of the law is comprehensive, his mind is peculiarly judicial in the trend of its operations, and when elected will serve the public as a judge, who will be fearless in the administration of justice, honest and capable in the rendering of decisions, and absolutely impartial in his relations with attorneys and litigants.

Judge E. M. Wickham, of Delaware, who was also nominated for the common pleas judgeship at the Centerville convention, Tuesday, is one of the best-known and most able jurists in the district. Judge Wickham has presided over the common pleas court in the Licking-Delaware-Knox district, and his decisions and opinions stamped him as a man of marked ability. Messrs. Fulton and Wickham are the Democracy's candidates for judicial honors. They are in every way deserving of confidence, and support.

#### EDWARD W. CRAYTON'S STAND.

The action of Edward W. Crayton at the recent meeting of the Ohio Penitentiary Board of Managers deserves a word of comment.

Mr. Crayton, it will be remembered was appointed to membership on this board by the late Governor Patterson, and in the reorganization, Warden Gould was deposed. Price Russell, a thoroughbred Democrat, being elected in his place. The two other Democratic members of the board, who had been appointed by Governor Herrick, joined with Mr. Crayton in reorganizing the penitentiary.

With the death of Governor Patterson, the affairs of state passed into control of the Lieutenant governor, Andrew L. Harris, a Republican. The

Is All Undone By the Divorce of Congressman Norton's Daughter From Young McGill.

Tiffin, O., July 17.—Judge Schrot has granted a divorce to Clair Adele McGill, daughter of ex-Congressman J. A. Norton, from William McGill, on the ground of gross neglect of duty. The case was submitted to the court in chambers two weeks ago, and so secretly were the proceedings conducted that none of the details of the testimony became public. It is understood that both parties were desirous of being freed from their matrimonial bonds. By the decree the wife is adjudged \$7,000 alimony and restored to her maiden name Clair Adele Norton where her grandfather, John McGill, is a millionaire.

J. R. Mead

William Mathewson

Wichita, Kans., July 13.—Marking of the old Santa Fe trail through Kansas by the Daughters of the American Revolution has revived public interest in the history of the State.

It has also caused the people to wonder where the hardy pioneers of the early days have drifted. There are but few of them alive.

Probably the least known yet the greatest of them all is living a quiet and retired life in his old homestead within the city of Wichita. This man is William Mathewson, the original "Buffalo Bill." Closely associated with him is his old friend, Jas. R. Mead, pioneer Indian trader and hunter.

It matters not to Mr. Mathewson that another bears the name he achieved or that few know that the deeds of such men as "Wild Bill," "Pawnee Bill," and William F. Cody would sink into obscurity beside his achievements in a time when Kansas was a wilderness of all that was dangerous. He tends his garden and orchard with the same tenacity that led him to successfully pass through the strenuous times of border warfare.

With Mr. Mead it is different. He first became known in Kansas as a commercial man. He is now living a quiet life and is vice president of the Kansas Historical Society, is of great assistance in collecting historical data for that society.

Of the life of the original Buffalo Bill little is known. At times he will talk of the past, but only to his intimate friends. He was born in Broome County, N. Y., on New Year's day, 1830. Thirteen years after he was in the then unknown west.

and wound up one of the greatest known over North America with Kit Carson near the present site of Denver, Col.

It was near the site of old Fort Zaro that Mathewson first struck the Santa Fe. It was Mead who first planned to kill buffalo for their hides and tallow in the southwestern part of Kansas. It was Mead's wagon train that took the first large consignment of buffalo hides to Fort Leavenworth from the valley of the Little Arkansas river, where the city of Wichita is located. He camped on the Santa Fe trail with Kit Carson.

Like William Mathewson he was a friend of the wild Indians and had as many friends among the red men as among the whites. Unlike Mathewson, he never played an important part in the struggles between the soldiers and the Indians. He has said that the years of bloodshed and strife between the government and the Indians were the result of the doings of ignorant diplomats and worse statesmen.

His old homestead in what is now the heart of Wichita was taken by Mr. Mead when Wichita was the headquarters of the Wichita Indians. On the exact spot where he built his cabin there is now being erected a Gothic cathedral that is to cost no less than \$100,000.

The lives of these two men and the many thrilling scenes through which they passed will never be known. Mead is yet actively engaged in managing his properties. Mathewson is a frontiersman, and as such is a typical specimen of J. Fenimore Cooper's "Leatherstocking."

#### SEVENTY-SIXTH OHIO

Verse By R. W. Burt After Battle  
of Arkansas Post Found in  
Dr. Hood's Effects.

Mr. James F. Hood, secretary of the American Security and Trust Company of Washington, D. C., in examining papers left by his father, the late Dr. T. B. Hood, who is kindly remembered by many of the older residents of Newark, found the following verses entitled "The 76th Ohio at the Battle of Arkansas Post." The lines were written by R. W. Burt:

Sons of Freedom, listen to me,  
While a battle song I sing;  
The Eleventh day of January  
To your memory I will bring.

Arkansas Post the battlefield,  
Upon Arkansas' winding stream;  
Where many braves to death did yield.

Amid the battle's fiery gleam.

Our valiant Colonel, Charlie Woods,  
Lied on the charge with waving sword;

He knew the Seventy-sixth was good  
To follow him where cannons roared.

And where the bullets thickest flew,  
Lieutenant Colonel William B.  
Was cheering on the brave and true  
To fight and win the victory.

Amid the storm of leaden hail  
The Seventy-sixth led on the way;  
They turned not back, they knew not  
But fought until they won the day.

Three hours they fought the Rebel  
foe,  
While they behind their breast-works stood;

Our Springfield rifles laid them low  
Whenever one would raise his head.

'Twas there the gallant Lemert fell,  
The Captain brave of Company A;  
Who followed him they loved so well  
Where danger only marked the way.

The warm life pouring from his side,  
The dying Lemert did exclaim:  
Our fathers for their country died,  
And I can freely do the same."

It cost us many noble boys  
Who fell upon the field that day.  
They nobly fought for Freedom's cause,  
For Union and for Liberty.

At last the Rebs were forced to yield,  
And Freedom's flag waved o'er our  
foe;  
And then all o'er the battle field  
The gladdening shouts of Freemen rose.

Our wounded officers and men  
Will always carry battle scars;  
They're honors that were nobly won  
While fighting Freedom's glorious wars.

Long may the glorious Seventy-sixth  
In Freemen's memories be enshrined;  
And when our boundaries are fixed  
We'll bring these battle scenes to mind.

For Freedom's glorious cause, hurrah!  
And tremble not at war's alarms,  
The Seventy-sixth will fight it through  
Till Rebels all lay down their arms.

**COUNCIL WILL MEET MR. VERRILL**

IN FINAL EFFORT TO COME TO AN UNDERSTANDING ON WATER WORKS.

Ordinance to Issue Filtration Bonds Deferred—Proceedings of the City Council.

Attorney F. M. Black received a telegram from Mr. Verrill at Portland, Me., Tuesday, saying that he will be in the city to meet the city council next week. The exact day of Mr. Verrill's arrival cannot yet be stated.

At the regular meeting of the City Council held Monday night, the members voted to meet H. M. Verrill, the eastern man who represents the new owners of the Newark, Ohio, Water Company next Monday night when an effort will be made to come to some sort of an agreement with reference to the purchase of the plant by the city. Attorney Frederic M. Black, who represents Mr. Verrill in Newark, was present at the council meeting.

Councilman King remarked that it was the duty of that body to adopt this resolution and meet the water works owners. He declared that they claimed the Council and Service Board were stubborn in the matter, and that they should be shown their mistake. "We can meet them," said Mr. King, "and if they will not listen to our proposition, we can tell them to go to Hanover and we'll build our own water works."

Another matter with reference to the municipal water plant came up at the meeting. The ordinance to issue bonds in the sum of \$50,000 for the filtration plant was up for its third reading. After Clerk Munch had finished the reading of the ordinance, Councilman Conrad made a motion that the ordinance be postponed until the next meeting. This was promptly seconded and the ordinance was side-tracked. This was done in order to see what steps would be taken at next Monday night's meeting with the water works owners.

In the absence of President Harry Rossell, Councilman Beadle filled the chair. Besides President pro tem Beadle, Councilman Conrad, Hughes, King and McNealey and Cain responded to roll call. The Board of Service and Mayor McCleery were also present.

A petition from the Salvation Army was read, asking permission to use the old cemetery property at Sixth and West Main streets for holding religious meetings during the month of August. A resolution was later adopted granting the permission.

Councilman Beadle presented an ordinance which was preceded by a petition signed by the members of the Day Nursery association asking that the curfew laws be enforced. The ordinance was just another curfew law declaring it unlawful for children under 13 years of age to be on the streets unaccompanied by an adult after 8:30 in the summer and 7:30 in the winter. It was read for the first time.

A petition from the residents of Dewey avenue, asking that a sidewalk be constructed on both sides of the street from Tuscarawas to East Main street, was received and filed.

An ordinance on its second reading repealing certain portions of a former ordinance was brought up. It passed this ordinance will prohibit the licensing of all patent medicine vendors, falcons and street merchants of all kinds. Councilman Conrad was opposed to the passage of the ordinance because of the fact that each vendor who procured a license paid from \$1 to \$5 per day for the privilege and he considered it a good source of revenue for the city.

A motion was made to suspend the rules and place the ordinance on its third reading and final passage. The motion was lost. Members McNealey and Conrad voted against the suspension of rules.

The bond ordinance asking for \$50,000 issue was the next matter. It was postponed without a dissenting vote.

A resolution was introduced and adopted, appointing Messrs. Henry C. Bestwick, Henry Sachs and Gerald Besanceney as an equalizing board for the purpose of hearing objections by Oakwood avenue residents to the property assessments against the property there in the matter of the Oakwood sewer. This board will equalize the assessments if it finds that there is good ground for the objection filed by the property owners.

Several other resolution on second reading were presented but no action was taken.

National Ice Trust.

Washington, July 17.—That a national ice trust exists, with headquarters in New York and branches in practically every large city in the United States is the belief of high officials of the department of justice. It is said the matter has been called to the attention of Attorney General Moody personally by Attorney Jerome of New York. Steps have not been taken to attack the trust except in the District of Columbia, where the officials of the American Ice company are

under indictment for entering into an unlawful agreement to control prices in the district. The district attorney here is of the opinion that if the trust is energetically prosecuted it will have to be in New York and that the department of justice might take an interest in such a proceeding.

**MISS ETHEL LEVEY DOESN'T WANT TO STAR REALLY SHE DOESN'T**

New York, July 17.—The new play which George M. Cohan proposes to write as a starring medium for his wife, Miss Ethel Levey, is not likely to be finished this summer, as the actor-manager-playwright has already got his hands more than full.

When asked about the nature of the new play the other day a faraway look came into Miss Levey's eyes.

A wireless special from Wehrle Park-on-the-Canal says that if the rain man will only hold off until this evening, the game scheduled between Akron and Newark will be played. Groundkeeper Swinehart has been a busy man all morning and if it is at all possible for the play to proceed on the grounds, Swine will get them into shape.

It rained hard Monday night. Perhaps this is not news to some. Besides, the grounds were wet enough and it hasn't been necessary to use the hose to lay the dust. Manager Snodgrass and members of the baseball company as well as several of the players have been on the grounds all morning, wondering if they will have another day of enforced idleness.

The grounds will be a little heavy but it is believed that the official starter can call "go" if it doesn't rain any more.

Not a game was pulled off in the League Monday. All games were scheduled for the towns in the west and it seems that there was a general downpour all over the state. This made all play impossible. Games Sunday were played on fields which were really too sloppy for good baseball but the managers could not afford to loose the Sunday crowds. In every instance there was fast ball playing in spite of the fact that the grounds would have excused most any sort of playing.

A report from Ithaca, New York, says that a man lives there who turns blue every time it rains. That's nothing to be compared with Newark. There were five hundred fans in Newark who turned a deep shade of blue Monday when it rained and then remained.

ed some more. There are thousands in the O.P. League who turn blue whenever a rainstorm breaks up a ball game.

Lancaster Gets "Lindy."

With the dissolution of the Interstate Baseball Association during the fore part of the week, about eighty ball players were thrown on the market, and strange to state, all the good ones have immediately found berths in higher class leagues than was the Interstate.

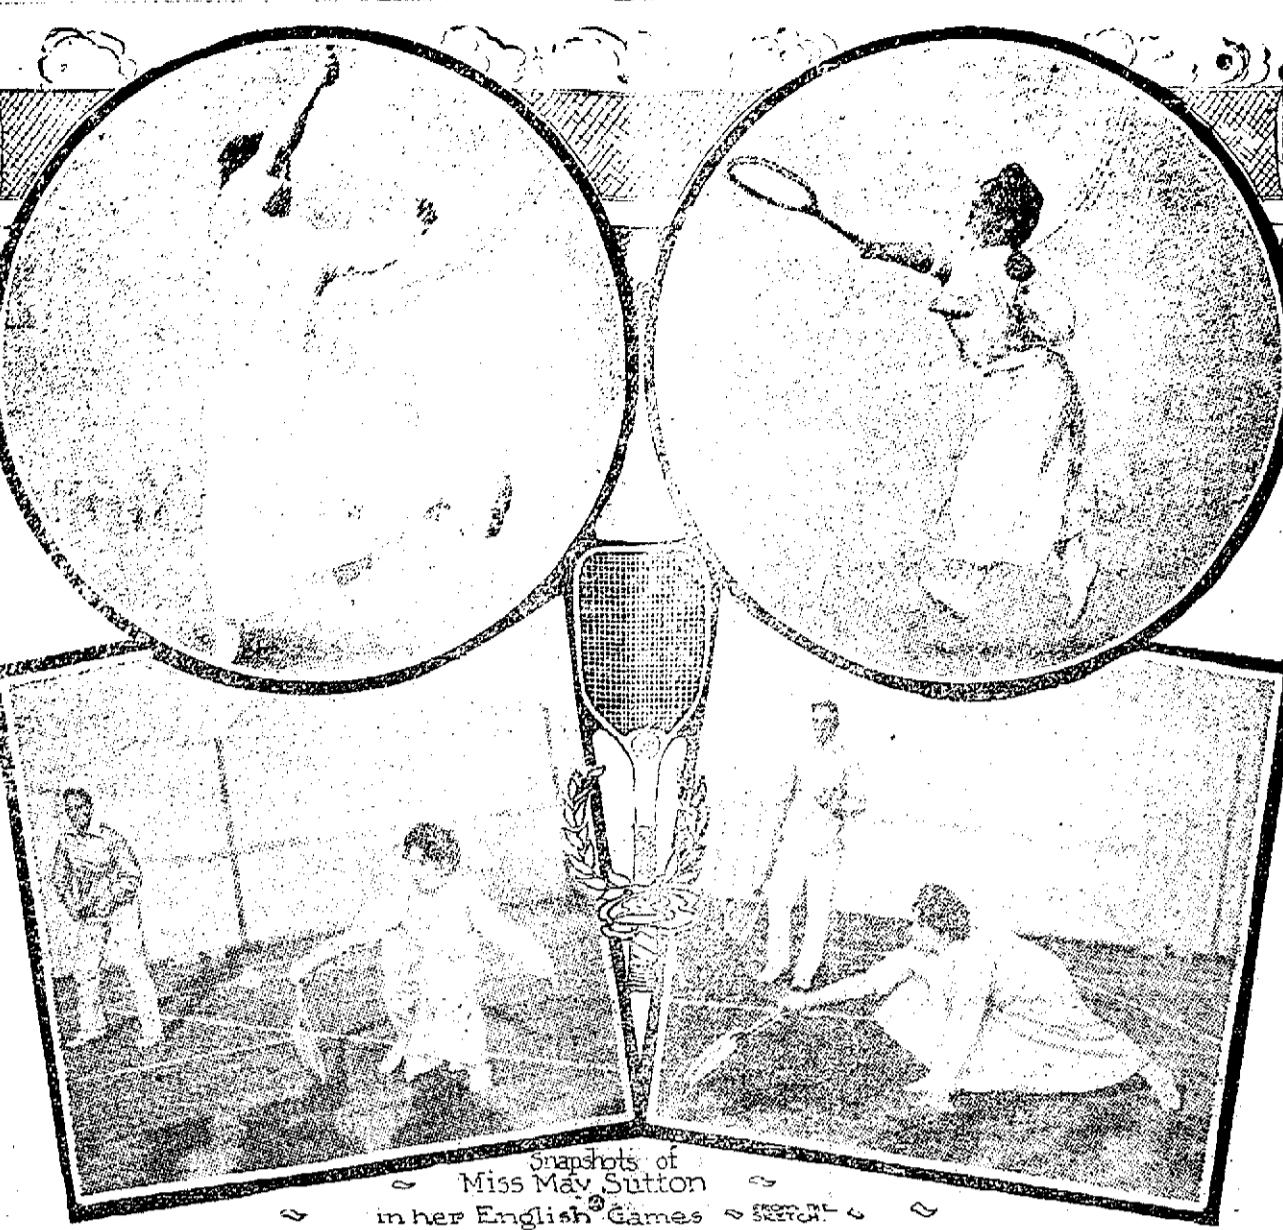

Of the Ft. Wayne team, which had the lead by a narrow percentage over Marion and Flint, Captain Jack Hardy, and Outfielder Smith and Shortstop Tooley of Ft. Wayne, have joined Sharon, Pa., in the O.P. League. Pitcher Schmidt reverts to Canton, and Pitcher Hunt goes to Terre Haute, in the Central. Of the Marion team Captain Clarence Jesup, Pitcher Duggan and Infelder Bush have gone to the "Kitty" League, while of the Flint team "Cy" Alberts the star pitcher joins Springfield, where his brother has been a success in the Central. Pitcher Graham goes to Grand Rapids and Outfielders Wengen and Currie will try out with Evansville; Shortstop Hale is a candidate for Terre Haute. Of the Lima team Captain Jimmie Bridwell Weds.

Portsmouth, O., July 17.—Al H. Bridwell, former Columbus shortstop, now with the Boston Nationals, and Miss Lorraine M. McMahon, a pretty stenographer and his sweetheart from boyhood, were married by Rev. Father J. E. McGuirk of this city, this morning.

Halla Goes to Topeka.

Sharon, Pa., July 17.—Jack Halla, first baseman and pitcher, who was released by the Sharon O.P. League team, has accepted terms with the Topeka (Kan.) team, and left last night for that place. Halla was with Indianapolis the forepart of the season.

The army transport Sherman has arrived at San Francisco from Manila.

## FIGHT WAS FAST AND ALSO FURIOUS

### OBRIEN AND BERGER ENGAGED IN SIX ROUND BATTLE AT PHILADELPHIA.

#### HONORS NEARLY EVEN—THE CALIFORNIAN GREATLY IMPROVED AS BATTLE PROGRESSION.

#### Double-Header at Mansfield.

Mansfield is having a big baseball day today. The double-header with the Nocks is to be celebrated by a great rally of the bugs up there.

Tuesday is "Baseball Day" and they have gone so far as to get out souvenirs score cards. Everything will be closed in order to allow every fan a chance to attend the game.

#### AI BRIDWELL WEDS.

Portsmouth, O., July 17.—Al H. Bridwell, former Columbus shortstop, now with the Boston Nationals, and Miss Lorraine M. McMahon, a pretty stenographer and his sweetheart from boyhood, were married by Rev. Father J. E. McGuirk of this city, this morning.

#### PHILADELPHIA JACK O'BRIEN FOUGHT THE HARDEST

six-round battle of his career with the California amateur heavyweight, Sam Berger. Notwithstanding that O'Brien continually sent his left to the chin and wind, Berger came back and forced the fighting in every round.

O'Brien had all the advantage in the opening round and landed almost at will. His footwork

seemed to daze Berger, but as the fight progressed the Californian improved.

In the second round Berger opened up a deep gash over O'Brien's left eye, when he joined Seattle, of the Pacific Coast League.

Last year he played center for Oakland, and upon the retirement

of "Pete" Lehman, was put in charge

of the team.

#### YACHT RACES.

Put In Bay, O., July 17.—The large fleet of yachts in the harbor here will

participate in the races today. Entries closed last evening.

#### QUAIL PLENTIFUL

It is said that the past winter has

been a good one for "Bob Whites."

It is claimed by many that the quail

families will produce two broods this

season as everything now indicates.

The quail is growing more and more

in favor of the farmers every year

and many prominent farmers will not

allow hunters to kill them on their

land. It is to be hoped that all will

follow this quail saving wake, thus

allowing the little beauties to accumulate

for a period of a few years at least.

Quail are not destructive but

they consume quite a lot of worthless

seeds, destroy a great many insects

and worms which ought to give

them a warm welcome and a glad re-

ception by every tiller of the soil.

Save the quail and allow them to multiply upon your farms, for they are

harmless little birds that will do

good and deserve protection from the

hand of man.

#### LADIES' RACES SILLY.

In the heat of the picnic and silly

season it is not unfriendly or inappro-

priate to protest against the idiotic

customs picnics follow in putting

"ladies' races" on their programs

and going to large trouble to induce

young women to compete in them,

says J. B. Sheridan, one of the best

known writers on outdoor sports in

America. No one can more admiringly

the fair and chaste Diana than I.

Running nymphs in green woods may

have been all right by the white fe-

male inventors and before corsets

were invented by the devil. But since

time has elapsed and Lenee has been

born what can we do about it?

High heels and straight fronts are

surely conducive to athleticism.

It is cruelty of the keenest kind to per-

suade young women and old women,

slim girls and fat girls, to run in

these idiotic picnic sprint games.

The spectacle is ungraceful, un-

gracious and ungracious. It humili-

ates girls and offends men of taste and

breeding. Beyond walking and the

inefficient callings of domestic labor I

have never been able to see a good ex-

ercise for women, that is an exercise

which increases their beauty. Nine

## DOLD BUILDING TO BE READY SEPT. 1

MISS THORNTON HAS RESIGNED  
TO ACCEPT POSITION IN  
GRANVILLE.

Building Committee Reports Progress  
in Repairs Made at City  
School Houses.

The Board of Education convened in regular session Monday evening, those present being Messrs. Beggs, Fulton, Keckley and Keller, President Beggs presiding. Bills amounting to \$27.13 were allowed. A communication from Miss Elizabeth Thornton of Granville, declining her election as teacher in the elementary grades was read. Miss Thornton has accepted a similar position in the Granville schools.

The matter of purchasing about 300 desks for the new study rooms in the high school and for the West Newark schools was referred to the supply committee with power to act; and the matter of purchasing about fifteen hundred feet of slate blackboard to replace worn-out painted boards was referred to the building committee.

The building committee reported progress in the extensive repairs being made in school buildings.

The following text books were adopted for a term of five years: High school—Tarr's High School Physical Geography; Collar and Dauel's First Year Latin; Bennett's Latin Prose; Becker's Elementary German, in place of Lange's German Method; Swinton's Etymology; Garhart & Chutes' Physics; Eclectic System of Phonography; Thomas' German Grammar in place of Meissner's; Young's Astronomy; Watkins' American Literature; Laughlin's Political Economy; McLaughlin's History of the American Nation; Trotter's Commercial Geography; Williams & Rogers' Book-Keeping; Wentworth's Higher Arithmetic; Spencer's Business Law; Scott & Denny's English Composition for the ninth grade in place of Herrick & Damon; West's Ancient World, in place of Myer's General History; Elementary schools—Guerber's Story of the English, for the seventh grade; and the Fifth, Sixth and Seventh books of Stepping Stones to Literature.

## MANY JAPS

Secure Admission to This Country By  
Intrigue, Says Immigration  
Bureau.

Washington, July 17.—That hundreds of Japanese have secured admission to this country by intrigue during the year has been proved to the satisfaction of the bureau of immigration and naturalization after a careful investigation. Incidentally agents assisting the emigrants have made large sums of money by charging "commissions" for outwitting Uncle Sam's lawmakers. Inspector Buchtel, who is in charge of the immigration station at Honolulu, has just completed his investigation. He found that advertisements were being inserted in Japanese papers telling of the demand for labor and of the high wages abroad. To the Island passports were freely given but not to the mainland of America. Coached by hotel keepers at the port of emigration the Japanese start for Honolulu, but when offered work there decline on the ground that they are tired or indisposed. They go to the hotels for rest, where transportation to the mainland of the United States is easily obtained provided the palm of the hotel proprietor is crossed with silver or gold. For securing tickets to Seattle for Japanese "guests" Honolulu hotel proprietors charged \$10.

**WOMEN AS POISONERS.**  
In cases of criminal poisoning a woman is nine times out of ten found to be the guilty party. Poisoning is a feminine crime par excellence. The Hindu practice of condemning young widows to be burned alive on the biers of their husbands was a sort of preventive measure against conjugal poisoning.—Le Matin.

## 500,000 Babies Are Sacrificed

State Official Declares Adulterated  
Food an Appalling Menace.

At a recent meeting of the executive committee of the National Association of State Dairy and Food Departments, the secretary of a state board made the assertion, and produced figures to prove it, that the death of nearly a million little children in America last year was due to poisons administered in impure foods.

Welcome, indeed, is a food that is known to be pure and wholesome, rich in nutrition and good to eat—so good that no other food can take its place. We refer to Malta-Vita, the cereal food that we believe Malta-Vita is the only food that is simply and wholly pure grain product and nothing else, except a little salt. It is free from any foreign sweetening agent or other adulterant, and is made in absolute cleanliness.

A perfect breakfast is impossible without Malta-Vita, and it's just as good three times a day. Containing every food element of the best white wheat and pure, sweet extract, it is intensely vitalizing and easily digested. Let your children have all the Malta-Vita they want and you need not fear for their health. Try some yourself with cream or fruit. You never tasted anything quite so good. All morning, now ten cents.

NEW APARTMENT HOUSE GOING

Hinted That Eight Masons May Bring  
Suit Against City for False  
Arrest.

Mr. Richard Dold said today that his big new flat building, which he is erecting on West Main street, on the old Bailey & Keeley site, would be completed by September 1.

It is hinted that the eight masons who were arrested off this work a week or so ago, for an alleged violation of a city ordinance against the construction of an awning, will bring suit against the Board of Public Service and the city for false arrest.

County Assessor Waylaid.

J. W. Coulter, of Leslie, S. D., Assessor of Stanley county, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed at \$1. Trial bottle free.

## FIT-TOO-QUICK

Bathing Suits and Gauzy Robes Must  
Not Be Worn By Bathers, Says  
Chief Goldsoll.

Cleveland, O., July 17.—Joe Goldsoll, chief of the park police, has set himself up as censor of the bathing beaches and has drawn the line on peekaboo bathing suits as well as those constructed of gauzy, clinging stuff and white muslin. Open work surf costumes don't go. Diaphanous duds for the watery depths make no strike at all with him, and he will not allow them at the public bathing beaches. The chief has issued notice to this effect on the bathing public: "No gauzy, clinging stuff for bathing suits will go at the public beaches. It is indecent. White muslin is no good for bathing suits, and neither is this thin brilliantine. These suits have to be substantial, with some thickness to them."

Goldsoll added that he would make daily trips of inspection to the beaches in an auto boat and otherwise, and with field glasses search for infractions of his rules.

## EMPHATICALLY

H. Denied Guilt, Then Fled From  
Columbus; Gardiner's Wife Fears  
He Killed Himself.

Columbus, O., July 17.—After a quiet search of three days for Richard J. Gardiner, former secretary of the Builders and Traders' Exchange, on a warrant charging him with embezzlement in the amount of \$495, the police last night practically gave up the chase for the present. He left his home last Friday and Mrs. Gardiner now fears that the trouble has worried him so that he committed suicide. When he left home he said he was going to Chillicothe.

Gardiner was a trusted employee of the Exchange for the past seven years. When he was confronted by some of the officials a few days ago as to what had been discovered, he denied it most emphatically, and held that it was due to the installing of a new system of accounting.

# Manufacturers' and Importers' Surplus Stock Sale

## The Great Money-Saving Opportunity of the Year

SALE IS NOW IN  
FULL FORCE

SALE IS NOW IN  
FULL FORCE

July is the clearing month for spring and summer goods. Fall business starts up in August, and manufacturers and importers are anxious to begin the new season with "clean decks"—hence they are willing to sacrifice their surplus stocks of spring and summer merchandise. But only a store that has done good business and whose own stocks are at low-water mark can take advantage of this great trade event. In this respect we are most fortunate and we don't believe there is another establishment anywhere as well prepared as we are to take hold of and distribute these mid-summer bargains. Part of the goods have already arrived and will be placed on sale at once. The remaining lots will keep on coming daily for the next week or ten days, and we expect to have sufficient to continue the opportunity during the entire month. Remember, this is not a sale of odds and ends that have been stored away in garrets and dark corners for goodness knows how long—but an offering of new merchandise all made for this season's use. They're the very things that many of you have a need for now and would buy at full prices if we didn't give you the chance to get them at such unequalled savings. It is an opportunity that no economically inclined person can afford to ignore.

A large quantity of blood was lost, and the woman is now confined to her bed in a serious condition.

Messrs. Child & Hunt, the well-known contractors of Mt. Vernon, have just closed a contract with the Ohio Fuel Supply company to sink a well on an island in Buckeye Lake, between Newark and Columbus. This will be new territory and the outcome of the well will be watched with considerable interest. It is not strictly "wild-cat" territory as it lies directly between the gas fields in Knox and Licking counties and the big Sugar Grove field. The new well will be sunk on an island and it will require boats to convey the rigging to the site. The well will be started at once.

##### CHASE IS ON FOR LEITY'S PARTNER

FRUITLESS SEARCH INSTITUTED  
FOR ESCAPED GUERNSEY  
COUNTY PRISONER.

Posse Scours Woods Looking for  
Ruggles—Leity Was Caught  
in Newark.

Cambridge, July 17.—An exciting chase occurred here yesterday when Sheriff Ira Watson and a squad of Sheriff's officers surrounded the woods west of the city and secured a tunnel in search of Charles Ruggles one of the two prisoners who recently escaped from the Guernsey county jail on Thursday night last in company with Riley Leity who has since been captured in the Newark. Ruggles was not seen in the Newark.

J. H. Dilley, the North Seventh street grocer, saw Ruggles about 8 o'clock yesterday morning and gave the alarm to the police. Then followed the search. In the cave signs were found telling of former good times admitted by Leity to have been had by him with Ruggles. The latter is thought to be in the immediate vicinity of Cambridge and his capture will not come as a surprise at any hour.

All Hallows' Church, Exeter, England, 700 years old, has been torn down in order that a street may be widened.
